

# SAFETY DATA SHEET

In accordance with UN GHS latest edition

**Product:** BAKED APPLE PIE  
**Version:** 2

## Section 1. Identification of the substance or the mixture and the supplier

### 1.1 Product Identifier

**Product Identifier:** BAKED APPLE PIE (Contains: 3-Phenyl-1-propanol, Benzyl benzoate, Cinnamaldehyde, Coumarin)  
**Other Identifiers:** None

### 1.2 Relevant identified use of the substance or mixture and uses against

**Product uses:** Fragrances

### 1.3 Details of the supplier of the safety data sheet

**Company name:** Wickii  
**Company address:** 1/19 Packer Rd  
BARINGA  
QLD 4551  
Australia

#### Contact:

**Email:** [info@wickii.com.au](mailto:info@wickii.com.au)  
**Company Phone:** 1300 045 740

### 1.4 Emergency telephone number

**Emergency contact** 0434 620 919

## Section 2. Hazards identification

### 2.1 Classification of substance or mixture

**Class and category of danger:** Acute Toxicity - Oral Category 4  
Skin Corrosion / Irritation Category 2  
Eye Damage / Irritation Category 1  
Sensitization - Skin Category 1  
Hazardous to the Aquatic Environment - Acute Hazard Category 1  
Hazardous to the Aquatic Environment - Long-term Hazard Category 2  
H302, Harmful if swallowed.  
H315, Causes skin irritation.  
H317, May cause an allergic skin reaction.  
H318, Causes serious eye damage.  
H400, Very toxic to aquatic life.  
H411, Toxic to aquatic life with long lasting effects.

### 2.2 Label elements

**Signal word:** Danger

**Hazard statements:** H302, Harmful if swallowed.  
H315, Causes skin irritation.  
H317, May cause an allergic skin reaction.  
H318, Causes serious eye damage.

H400, Very toxic to aquatic life.  
H411, Toxic to aquatic life with long lasting effects.

## Precautionary statements:

P270, Do not eat, drink or smoke when using this product.  
P302/352, IF ON SKIN: Wash with plenty of soap and water.  
P310, Immediately call a POISON CENTER or doctor/physician.  
P333/313, If skin irritation or rash occurs: Get medical advice/attention.  
P261, Avoid breathing vapour or dust.  
P264, Wash hands and other contacted skin thoroughly after handling.  
P272, Contaminated work clothing should not be allowed out of the workplace.  
P273, Avoid release to the environment.  
P280, Wear protective gloves/eye protection/face protection.  
P301/312, IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.  
P391, Collect spillage.  
P305/351/338, IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
P330, Rinse mouth.  
P362, Take off contaminated clothing and wash before reuse.  
P501, Dispose of contents/container to approved disposal site, in accordance with local regulations.

## Pictograms:

## 2.3 Other hazards

### Other hazards:

Hydrocarbon Concentration %: 0.0000%

## Section 3. Composition/ information on ingredients

### 3.2 Mixtures

#### Contains:

| Name                           | CAS      | %       | GHS Classification                                                                            |

#### Substances with workplace exposure limits, not listed above:

Not applicable

### Section 4. First Aid measures

#### 4.1 Description of first aid measures

**Inhalation:** Remove from exposure site to fresh air, keep at rest, and obtain medical attention.  
**Eye exposure:** IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.  
**Skin exposure:** IF ON SKIN: Wash with plenty of soap and water.  
**Ingestion:** IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.

#### 4.2 Most important symptoms and effects, both acute and delayed

Harmful if swallowed.

#### 4.3 Indication of any immediate medical attention and special treatment needed

None expected, see section 4.1 for further information

### Section 5: Firefighting measures

#### 5.1 Extinguishing media

**Suitable media:** Carbon dioxide, Dry chemical, Foam.

#### 5.2 Special hazards arising from the substance or mixture

In case of fire, may be liberated: Carbon monoxide, Unidentified organic compounds.

#### 5.3 Advice for fire-fighters:

In case of insufficient ventilation, wear suitable respiratory equipment.

### Section 6. Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Avoid inhalation. Avoid contact with skin and eyes. See protective measures under Section 7 and 8.

#### 6.2 Environmental precautions:

Keep away from drains, surface and ground water, and soil.

### 6.3 Method and material for containment and cleaning up:

Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

### 6.4 Reference to other sections:

Also refer to sections 8 and 13.

## Section 7. Handling and storage

### 7.1 Precaution for safe handling:

Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation. Do not eat, drink or smoke when using this product.

### 7.2 Conditions for safe storage, including and incompatibilities:

Store in a well-ventilated place. Keep container tightly closed. Keep cool. Ground/bond container and receiving equipment. Use explosion-proof electrical, ventilating and lighting equipment. Use only non-sparking tools. Take precautionary measures against static discharge.

### 7.3 Specific end use(s):

Fragrances: Use in accordance with good manufacturing and industrial hygiene practices.

## Section 8: Exposure controls/personal protection

### 8.1 Control parameters

#### Workplace exposure limits:

Not Applicable

### 8.2 Exposure Controls

#### Eye / Skin Protection

Wear protective gloves/eye protection/face protection

#### Respiratory Protection

Under normal conditions of use and where adequate ventilation is available to prevent build up of excessive vapour, this material should not require special engineering controls. However, in conditions of high or prolonged use, or high temperature or other conditions which increase exposure, the following engineering controls can be used to minimise exposure to personnel: a) Increase ventilation of the area with local exhaust ventilation. b) Personnel can use an approved, appropriately fitted respirator with organic vapour cartridge or canisters and particulate filters. c) Use closed systems for transferring and processing this material. Also refer to Sections 2 and 7.

## Section 9. Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

|                                               |                                              |

| Appearance:                                   | Not determined                               |
| Odour:                                        | Not determined                               |
| Odour threshold:                              | Not determined                               |
| pH:                                           | Not determined                               |
| Melting point/freezing point:                 | Not determined                               |
| Initial boiling point / range:                | Not determined                               |
| Flash point:                                  | >120 °C                                      |
| Evaporation rate:                             | Not determined                               |
| Flammability (solid, gas):                    | Not determined                               |
| Upper/lower flammability or explosive limits: | Product does not present an explosion hazard |
| Vapour pressure:                              | Not determined                               |
| Vapour density:                               | Not determined                               |
| Relative density:                             | Not determined                               |
| Solubility(ies):                              | Not determined                               |

|                                                |                |
|------------------------------------------------|----------------|
| <b>Partition coefficient: n-octanol/water:</b> | Not determined |
| <b>Auto-ignition temperature:</b>              | Not determined |
| <b>Decomposition temperature:</b>              | Not determined |
| <b>Viscosity:</b>                              | Not determined |
| <b>Explosive properties:</b>                   | Not expected   |
| <b>Oxidising properties:</b>                   | Not expected   |

**9.2 Other information** None available

## Section 10. Stability and reactivity

### **10.1 Reactivity:**

Presents no significant reactivity hazard, by itself or in contact with water.

### **10.2 Chemical stability:**

Good stability under normal storage conditions.

### **10.3 Possibility of hazardous reactions**

Not expected under normal conditions of use.

### **10.4 Conditions to avoid:**

Avoid extreme heat.

### **10.5 Incompatible materials:**

Avoid contact with strong acids, alkalis or oxidising agents.

### **10.6 Hazardous decomposition products:**

Not expected.

## Section 11. Toxicological information

### **11.1 information on toxicological effects**

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in UN GHS.

Harmful if swallowed.

| Acute Tox. 4      | Acute Toxicity - Oral Category 4                                   |
| Acute Tox. 4      | Acute Toxicity - Dermal Category 4                                 |
| Acute Tox. 5      | Acute Toxicity - Dermal Category 5                                 |
| Acute Tox. 5      | Acute Toxicity - Oral Category 5                                   |
| Aquatic Acute 1   | Hazardous to the Aquatic Environment - Acute Hazard Category 1     |
| Aquatic Acute 2   | Hazardous to the Aquatic Environment - Acute Hazard Category 2     |
| Aquatic Acute 3   | Hazardous to the Aquatic Environment - Acute Hazard Category 3     |
| Aquatic Chronic 2 | Hazardous to the Aquatic Environment - Long-term Hazard Category 2 |
| Eye Dam. 1        | Eye Damage / Irritation Category 1                                 |
| Eye Irrit. 2A     | Eye Damage / Irritation Category 2A                                |
| Eye Irrit. 2B     | Eye Damage / Irritation Category 2B                                |
| Flam. Liq. 3      | Flammable Liquid, Hazard Category 3                                |
| Flam. Liq. 4      | Flammable Liquid, Hazard Category 4                                |
| H226              | Flammable liquid and vapour.                                       |
| H227              | Combustible liquid.                                                |
| H302              | Harmful if swallowed.                                              |
| H303              | May be harmful if swallowed.                                       |
| H312              | Harmful in contact with skin.                                      |
| H313              | May be harmful in contact with skin.                               |
| H314              | Causes severe skin burns and eye damage.                           |

|               |                                                                                                                                  |
|---------------|----------------------------------------------------------------------------------------------------------------------------------|
| H315          | Causes skin irritation.                                                                                                          |
| H316          | Causes mild skin irritation.                                                                                                     |
| H317          | May cause an allergic skin reaction.                                                                                             |
| H319          | Causes serious eye irritation.                                                                                                   |
| H320          | Causes eye irritation.                                                                                                           |
| H400          | Very toxic to aquatic life.                                                                                                      |
| H401          | Toxic to aquatic life.                                                                                                           |
| H402          | Harmful to aquatic life.                                                                                                         |
| H411          | Toxic to aquatic life with long lasting effects.                                                                                 |
| P210          | Keep away from heat, sparks, open flames and hot surfaces. - No smoking.                                                         |
| P233          | Keep container tightly closed.                                                                                                   |
| P240          | Ground/bond container and receiving equipment.                                                                                   |
| P241          | Use explosion-proof electrical, ventilating and lighting equipment.                                                              |
| P242          | Use only non-sparking tools.                                                                                                     |
| P243          | Take precautionary measures against static discharge.                                                                            |
| P260          | Do not breathe vapour or dust.                                                                                                   |
| P261          | Avoid breathing vapour or dust.                                                                                                  |
| P264          | Wash hands and other contacted skin thoroughly after handling.                                                                   |
| P270          | Do not eat, drink or smoke when using this product.                                                                              |
| P272          | Contaminated work clothing should not be allowed out of the workplace.                                                           |
| P273          | Avoid release to the environment.                                                                                                |
| P280          | Wear protective gloves/eye protection/face protection.                                                                           |
| P301/312      | IF SWALLOWED: call a POISON CENTER or doctor/physician if you feel unwell.                                                       |
